Most Modest

A South San Francisco based design studio, Most Modest specializes in craft- inspired products and technology goods that offer a deeper level of engagement and connection with the user, the object and their environment.

Fundamental to their process is the idea that the journey defines the destination. Through extensive research, intelligent design and rapid prototyping, they test and validate every potential solution to ensure an incredible result. Their background in product design, engineering and branding has taught them that innovation results when immersive experiences and vibrant collaborations combine.

Kona Modular Lounge

From the office to educational spaces, today's working environments are fluid, fast-paced and flexible; demanding products and interactions that are equally as adaptable. Kona Modular Lounge System delivers just that, providing a fun, easy-to-configure palette for designers and comfort and versatility for today's busy user. The Kona Collection also incorporates a Laptop Table and square and round Poufs, providing a truly flexible environment for comfort, collaboration and constant mobility.

Limitless Flexibility

With Kona, simplicity creates flexibility. Kona's Modular Lounge System is streamlined down to a series of configurable seats, arms and backs - making use of minimal elements for intuitive, easy and fun configuration of an endless variety of layouts. The modular elements can be ganged together to form interesting and functional applications that create visual impact and anchor interior environments. Kona was engineered from the inside out, to create an exceptionally comfortable sit, and to support a range of postures through generous proportions and thoughtful forms. Kona is perfect for long duration group meetings or individual, heads-down space, with its large proportions and ergonomic comfort.

Kona Pouf

Grab a Pouf and have a seat. The Kona Pouf's integrated handle and light-weight construction make it perfect for any space that needs flexible seating options. Its versatility provides a variety of uses and works well in any environment. And every Pouf is constructed with a slightly rounded, ultra-durable leather bottom, providing enough friction to keep the Pouf in place when you want to, or the ability to easily slide it to a new location when you don't.

Laptop Table

Perfect for Face-Timing or multi-tasking, the Kona Laptop Table has an integrated mobile device cradle to keep your display upright and visible, while allowing you to remain hands-free for note taking. The Kona Laptop Table combines natural wood and contrasting powder coated base and can easily move with you throughout the day.

Tombolo

Customization and comfort. Through material and color, Tombolo provides designers with an unlimited palette to create interiors from subdued and neutral to expressive. Ash and Walnut wood finishes with contrasting powder coated metal create a warm and engaging sofa collection. Tombolo is proudly hand crafted in the USA.

TOMBOLO

Tombolo Sectional

The Tombolo Sectional provides seemingly infinite floor-plan flexibility, with a variety of configurations that can adapt to any space. Have fun with Tombolo - choose from traditional sectionals, armless configurations and even curved elements, to pair with cubbies and corner units, creating classic pieces with a modern twist.

Tombolo Bench

Serious versatility. Make a statement with the use of contrasting metal, fabric and wood, or keep it neutral. Either way, the simplicity and size of the Tombolo Bench makes suitable for nearly any space - even a hallway.

TOMBOLO

Tombolo Ottoman

Happy to be whatever you need it to be, the Tombolo Ottoman can be a fun and playful ottoman, but its geometric shape and generous seat size make it more than just that. Adaptable and comfortable, use the Tombolo Ottoman as a small bench, pair it with a sofa or lounge chair, or even use it as a footrest.

Tombolo Coffee Table

True mid-century modern style, the Tombolo Coffee Table allows you to create a variety of looks with a modern touch.

Choose to mix or match your powder coated metal surround with the metal back and base. And finish it off with a laminate, Ash or Walnut top and wood legs.
