Technology Accommodation

Flow features a full range of innovative technology accommodation options, including retrofittable power/data units and adjustable, expandable base options, to address the changing technology requirements of conference rooms.

Credenzas

To address a wide range of functional and storage needs, Flow credenzas are offered in four styles, in four standard sizes, with stone, glass or wood top options.

1. GLASS TOP, PAINTED SUB-TOP, EXPANDABLE RECTANGLE BASE (PAINTED, FLUSH POSITION)
2. EXPANDABLE RECTANGLE BASE (FULLY EXPANDED POSITION)
3. BUFFET CREDENZA, STONE TOP
4. CONFERENCE CREDENZA, WOOD TOP
5. WALL-HUNG CREDENZA, GLASS TOP

FLOW

2011 | Conference

Since its founding in 1944, Nucraft has worked with customers to create inspiring conference rooms, private offices, reception areas, and training spaces. The company's designs and custom capabilities delight clients who demand the most exacting fit, finish and value for their environments. Every day, Nucraft serves customers with imaginative solutions that integrate technology and furniture in new and inventive ways.

DESIGNER PROFILE: JOEY RUITER, J.RUITER DESIGN

Joey Ruiters is redefining expectations in the world of art and design. By pushing the limits to confront established expectations, his designs support everyday function in surprising ways. Joey's eclectic mix ranges from office furniture to sculpture, concept watercraft to household objects.
