GIANCARLO PIRETTI

Piretti's numerous patents and museum showings around the world reflect both his artistic passion and drive to innovate. His view that "art and design should be enjoyed by everybody, in everyday settings" fits the SitOnIt Seating vision for high-quality production and 2, 5 or 10-day shipping. The result of this collaboration is InFlex, the elegant side chair with Piretti's signature flex-back support in 17 versatile colors. Our InFlex collection includes a side chair, task chair, task stool and café stool.

Form Meets Flex

The contemporary styling of this Piretti chair emulates the human spine. Its innovative flex-back disc system, with 13 degrees of back angle range, is as clever as it is comfortable.

When it comes to natural back support, the InFlex flex-back motion delivers the most evolved ergonomic solution available today. When the user reclines, the stacked disc system and steel spring rods work in unison, inspired by the movement of the spinal column to offer personalized support and comfort.

Finishing Touches

Choices abound. InFlex is available in 17 versatile plastic colors and nine smart frame finishes. Mix and match hundreds of textile selections for the upholstered seat or upholstered seat & back options. Add a matching task chair, café stool, or task stool for even greater versatility.
