JORGE PENSI

Regarded as one of the world's leading furniture designers, Jorge Pensi is widely known for his fluid, elegant chair designs.

The clear sign of identity of Prava is its arm cast aluminum partially covered with soft plastic material. The impeccable finishing of the whole chair helps to ensure that this piece becomes an object of desire.

JORGE PENSI designed Prava to live in different spaces and architectural environments. The intention of the design was to achieve a piece of great comfort and image but light and stylish with a neutral image suitable to contemporary or classical spaces.

Details Make the Difference
