

Teknion

filing & storage

Ledger :
maximum versatility

Ledger® is a modular, infinitely adjustable filing system that sets a new standard in customiza-tion. Cabinets are available in 1.6-inch high incremental sizes; interchangeable drawers can be easily reconfigured for complete versatility. Multiple handle options allow a neutral or more expressive appearance. All Ledger products are available preconfigured or as custom build-ups.

CUSTOM BUILD-UP UNITS

Ledger build-ups are designed on a 1.6-inch high module to provide a completely modular storage product:

- Allows users to customize interior modules to meet specific requirements
- Drawers can be interchanged on-site to provide alternate drawer sizes, configurations and function

PRECONFIGURED UNITS

Specification is simplified, while flexibility is maintained:

- Users can reconfigure drawers at any time
- Three preconfigured lateral drawer heights – letter, binder and combination
- Three pull options

superior performance

CAPACITY

Ledger is designed to create a functional, flexible and attractive storage program.

- All units are available in depths of 18 and 20 inches
- 20-inch deep units provide up to 11% greater front-to-back filing capacity
- Drawers hold legal, letter or A4 sizes in back-to-front and side-to-side configurations

- Lateral Files and Storage Cabinets are available in 39 heights ranging from 14.4 to 75.2 inches
- Pedestals and Stretch Pedestals are available in several heights ranging from 22.4 to 33.6 inches
- Drawers feature full extension ball bearing slides for maximum interior access

SAFETY/SECURITY

High quality materials and engineering ensure strength, stability, safety and security.

- An interlock system allows only one drawer to open at a time
- The anti-bounce-back safety feature prevents drawers from sliding open once closed
- For increased security, individual locks can be specified for each drawer
- Versatile locks with removable cores can be keyed alike or random

1 Drawer interiors can be specified with an additional pull-out shelf to maximize interior storage space

2 Add-On Cabinets can be used above Lateral Files or Storage Cabinets to increase storage capacity

3 Drawers with a receding door can be configured with two pull-out shelves to store bins, tapes, CDs and other work tools

4 Custom Build-Ups permit binder-height, letter-height, 1.6-inch height and completely open modules within the same unit

Ledger : product and finish offering

Ledger is designed to work independently, as a collection, or integrate with other Teknion product lines. Ledger can be used across a range of planning applications including private offices, individual workstations, reception areas and team workspaces.

Designed to maximize storage options, solutions are provided for any level of activity – the busy workstation, around the workstation and standalone filing for high-density archival banks.

THE LEDGER OFFERING

- Lateral Files
- Storage Cabinets, Add-On Cabinets
- Combination and Wardrobe Cabinets
- Pedestals and Stretch Pedestals
- Mobile Pedestals with or without seat
- Storage Lockers
- ADA compliant

FINISHES

- Ledger offers 45 standard metal paint finishes and a color-match program at no extra cost
- Drawer front options include metal, veneer, and painted MDF

SHOWN:
Ledger Storage Lockers, Pedestal and Mobile Pedestal integrated with Leverage systems, Universal Overhead storage and t-3™ seating.

Universal Overhead :
fully featured

Offering all the desired features of overhead storage, the Universal Overhead can be used universally across Teknion product lines for complete integration. Designed with a radi-used profile and two-piece front door suited to accept multiple finish options, the over-head achieves a distinctive, appealing look.

PERFORMANCE

- Patented mechanism assists with opening of the cabinet’s front door and provides an anti-slam feature when closing
- The door fully recesses over the cabinet, unlike similar products
- Mounting options include:
 - Systems panel-mount on- or off-module for maximum planning versatility
 - Altos wall-mount
 - Upmount for use with lower-height panels

FINISHES

A two-piece front (excluding metal front option) accommodates an extensive finish offering:

- Metal
- Perforated metal
- Laminate
- Veneer
- Acrylic
- Erasable whiteboard
- Color-match program

PRODUCT APPLICATION

Compatible across several Teknion product lines:

- Leverage
- T/O/S
- Transit
- ie
- Altos architectural walls

Additional Mounted
Storage

Alternate overhead design styles from Teknion’s filing and storage product lines are also available for universal application.

- Ledger has a flush, neutral front that promotes a universal aesthetic

TEKNION EMBRACES CHANGE AND ITS INNATE POSSIBILITIES. OUR CULTURE IS ONE OF INNOVATION. IN THAT SPIRIT, WE HAVE STEPPED FORWARD TO INTEGRATE SUSTAINABLE PRINCIPLES AND PRACTICES INTO THE DESIGN, MANUFACTURING AND MARKETING OF OUR PRODUCTS.

TEKNION PRODUCTS PERFORM INDEPENDENTLY AND IN CONCERT, COMBINING IN VIRTUALLY UNLIMITED CONFIGURATIONS. OUR PHILOSOPHY EMBRACES DESIGN AS ONE OF THE BEST TOOLS WE HAVE FOR REALIZING THE BENEFITS OF BUSINESS, WHILE ALSO STRIVING TO REACH SUSTAINABLE GOALS.

WE HAVE LEARNED FROM DESIGN THAT CHANGING A SINGLE DETAIL ALTERS THE WHOLE. EVERY INCH MAKES A DIFFERENCE. EVERY LEAP IS THE SUM OF MANY SMALL STEPS.

TEKNION CREATES FURNITURE THAT CONNECTS PEOPLE, TECHNOLOGY AND SPACES; INTEGRATED DESIGN WITH NEW POSSIBILITIES FOR A HEALTHY, PRODUCTIVE WORLD TOMORROW AND THE DAY AFTER.
