

# Nemo Trellis

# The skinny on Nemo Trellis

## Scalability

- Multiple configurations offer flexibility to transform spaces into inspiring places: 1-sided, 2-sided, or 3-sided
- Open top frame supports beautiful end panel(s). Choose from two upper end panel infill configurations: lattice or ecoresin material.
- Lattice design in five powercoated colors; ecoresin in 9 beautiful Varia colors from 3form.
- Side infill options include 30 laminates, (including selections from our izzy+ flavors palette of core solids, classic patterns, classic woodgrains and evolving woodgrains), and 47 vertical surface fabric options to make a colorful and customized design statement that can change over time. (how will you ever choose just one?)
- Five powdercoat options for frame coordinates nicely with other izzy+ products.

## Modernist Principles of Simple Intuitive Design

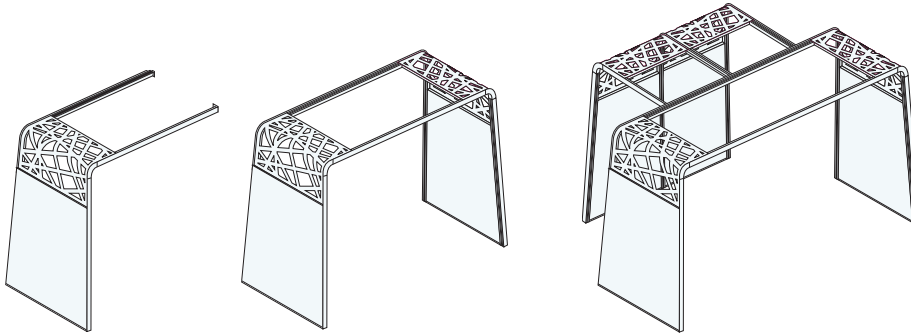

- Designed by Joey Ruiter
  - Modern design aesthetic with clean, simple geometric form
- ## Human Centered
- Creates a sense of place in an open space encouraging collaboration and connection
  - Provides a sense of enclosure and privacy for one individual or several people at a time
  - Dimensions are scaled for real people doing real work (whether you're connecting with others or reflecting alone)
  - Meets or exceeds ANSI/BIFMA standards

## Environmental

- Built primarily of steel and cast aluminum for maximum durability and recyclability to reduce the impact on the environment at the end of the product's life.
- SCS Indoor Advantage Gold certified

## izzyeasy

- The fresh and extensive izzy+ flavors palette offers designers a plethora of choices in materials and colors
- Limited lifetime warranty
